

Bear Construction Completes Manufacturing Addition

Chicago, Ill. . Rolling Meadows, Ill. based Bear Construction recently completed a single story addition and office renovation for Gus Berthold Electric Co.. The addition houses new manufacturing equipment including a paint spray booth, and was modeled after the existing, highly efficient operation. Existing office space was completely renovated and increased by 65 % to accommodate Berthold's growth. Berthold Electric Co. is a manufacturer of specialty electrical power equipment utilized in a wide variety of commercial and industrial applications.
