Dear Mr. Henegahan,

I would like to thank you and your superintendent, Mr. Steve Reuse, for the excellent work on the recent North Suburban Library System remodeling project in Wheeling, Illinois.

This project was completed in an occupied building and in less time than you originally scheduled. At no time was the staff disrupted.

I appreciate your professionalism and attention to detail and look forward to our next project together.

Sincerely,
Frye Gillan Molinaro Architects, Ltd.
