Mr. Scott J. Kurinsky
Bear Construction
1501 Rohlwing Road
Rolling Meadows, IL 60008-1336

Dear Scott:

I wanted to take a moment to commend you and everyone at Bear Construction, with whom I have had the pleasure to work.

I have been involved in many construction projects, but none more challenging than the relocation of our two largest offices (suburban Chicago office and downtown Chicago office) within 8 months of each other. Fortunately, Bear Construction was our general contractor for both projects.

You did an excellent job of managing both of our projects, including all of the subcontractors, under very tight timeframes. Additionally, Dave Cross was superb – he always remained calm (even when I wasn't!) and he always managed to not only get things done, but get them done right. I found everyone at Bear to be extremely concerned about making sure we were satisfied with all aspects of our build-outs and you were always willing to accommodate our changing needs.

In closing, it is rare that you find a service provider, let alone a general contractor, that goes above and beyond, even after the projects are complete. I would like to personally thank everyone at Bear for helping me accomplish two major construction projects in a very short period of time.

I would (and have) recommended Bear Construction, without hesitation.

Best Regards,

Mary Beth Reuter
Director of Administration
